Number SA255SO

This Certificate issued to

RAYMOND P. BROWN
3801 S. E. 158th Terrance
Weirsdale, Florida 32195-5259

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4a of the Civil Air Regulations.

Original Product Type Certificate Number: 766

Make: Universal

Model: Globe GC-1B

Description of Type Design Change: Installation of auxiliary fuel tanks in accordance with Corben Development Corp. drawings GTS-10 dated September 23, 1961; and GTS-11 dated October 5, 1961.

Limitations and Conditions: The approval of this change in type design applied basically to GC-1B aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
